# About LEADERS OF THE FUTURE

Who we are, our vision & mission

**D**edicated educators, philanthropists, and community activists striving to see the Ethiopian community fully integrated into Israeli society, thriving academically and economically.

**O**n a mission to develop a generation of Israeli-Ethiopian role models by supporting academic excellence and leadership programs.

Founded by Jonathan David in 2011 after discovering the beautiful and closely-knit Israeli-Ethiopian community who are mostly living below the poverty line and struggling to survive economically and integrate.

Over the past decade, Leaders of the Future has developed a well thought out and tested winning-formula that places great emphasis on empowerment and academic excellence. Our programs are focused on developing self-confident, well rounded youth who have been empowered with education and leadership skills.

# OUR PROGRAMS

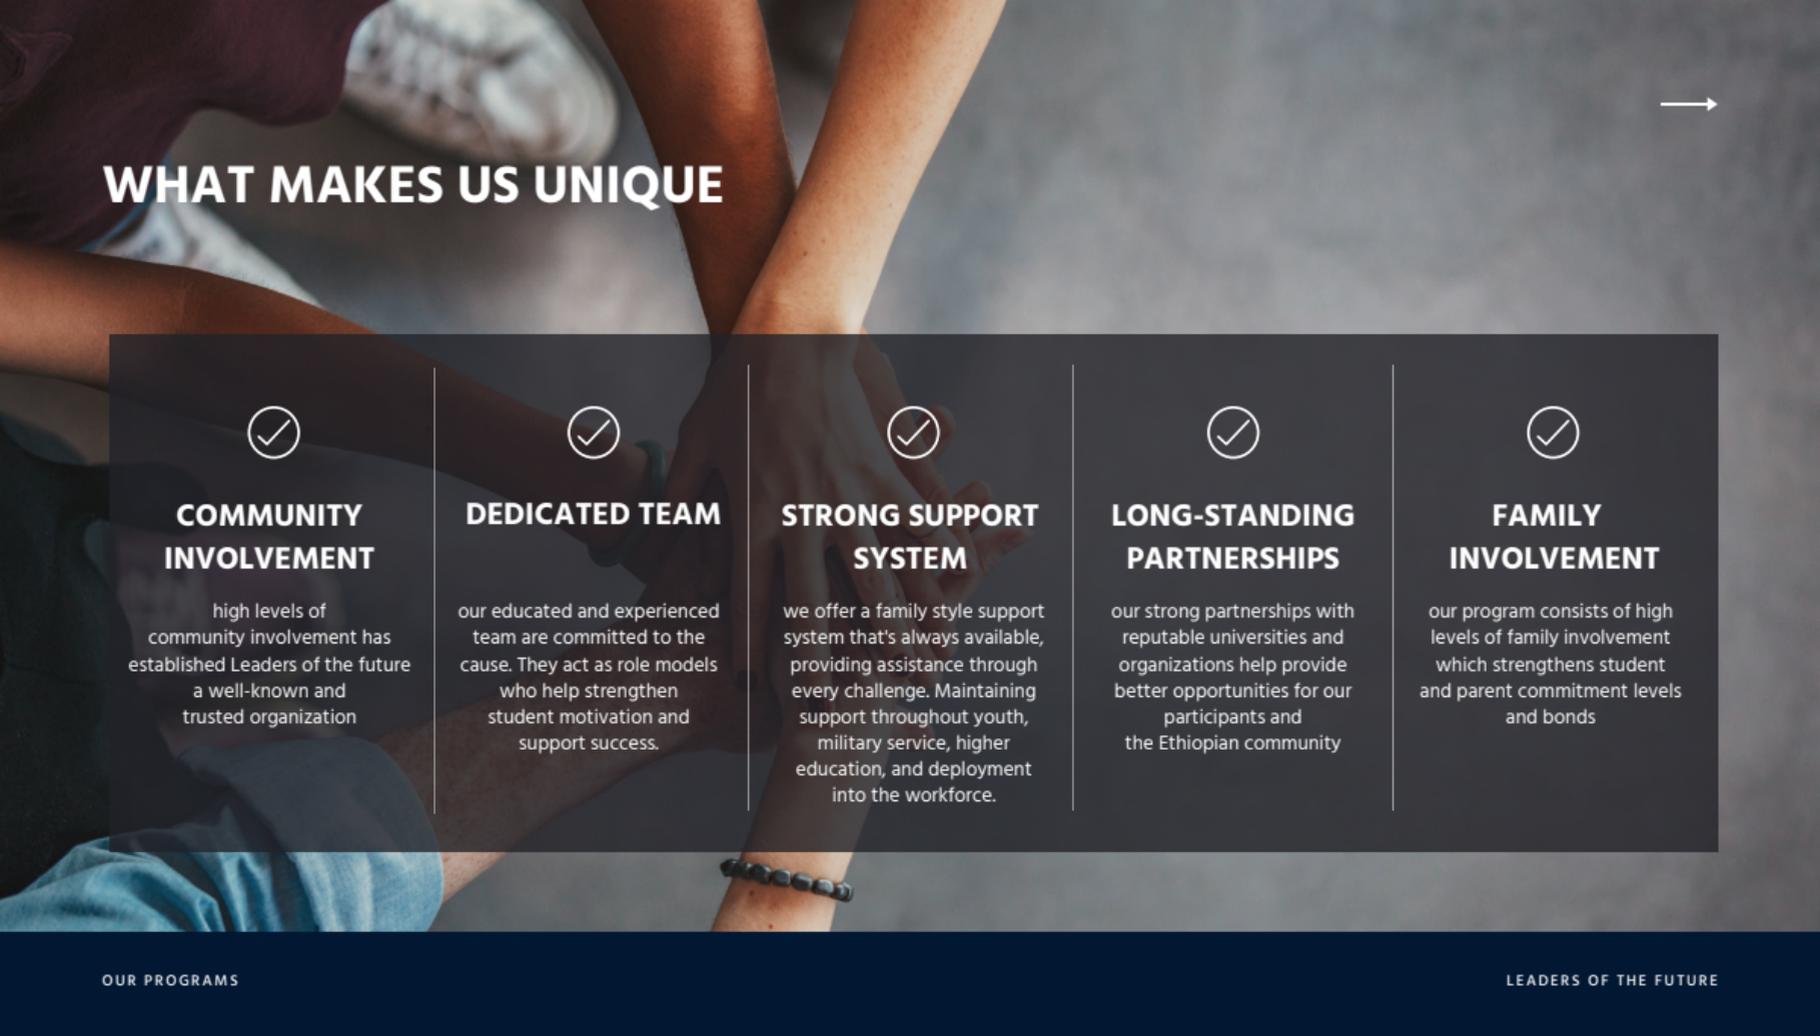

year-round comprehensive  
programs that make an impact!

## YOUTH PROGRAM

The program is dedicated to serving Israeli-Ethiopian youth from 5th to 12th grade. Candidates who are highly motivated and have significant potential are selected and enrolled into the eight year, demanding extracurricular program which provides transportation, meals, mentors and high quality instruction focused on academic excellence and leadership.

## ADMAS HIGHER EDUCATION PROGRAM

The program serves Israeli-Ethiopian students and provides them with the continued support needed to successfully graduate with a university degree. Candidates who are in need of financial assistance, have high academic potential, and have completed meaningful Military or National Service are selected and enrolled into the program. The program provides qualified recipients with preparatory programs, scholarships, empowerment programming, consultations, mentoring, and preparation for the job market.

**FAMILY & HERITAGE**

events and activities that immerse participants in Jewish Ethiopian culture and build stronger bonds with family in order to build increased self-esteem. \*includes a roots trip to Ethiopia

**FOLLOW-UP & EVALUATION**

a strong support system and consistent evaluation process that ensures program and student success.

# A TRANSFORMATIONAL JOURNEY TO ETHIOPIA

As participants approach the end of eleventh grade, they are taken on a 12 day educational trip to Ethiopia where they are given the opportunity to connect with and immerse themselves in their culture and heritage. Students and supervisors travel throughout Ethiopia and learn about the history of Ethiopian Jews and their migration to Israel. During the trip they are able to visit the villages where their family once lived, interact with those who knew their family and/or reconnect with family who remain in Ethiopia.

Participants are transformed by the memorable and touching interactions, breathtaking sights and rural culture of an underdeveloped country. They begin to see their lives and themselves differently, they begin to truly understand the meaning and significance of the Ethiopian migration to Israel. The trip proves to strengthen their Jewish identity and relationship to Israel and the Jewish people. As a result, our students display a more coherent sense of identity, increased self-esteem and an enhanced self-image.

## PRODUCING IMPRESSIVE YOUNG LEADERS WITH A BRIGHT FUTURE

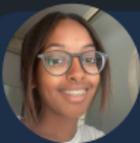

Leaders of the Future's Youth Program, now approaching a decade of operation has expanded its reach over the years and has experienced marked success, with 100% matriculation rate and a 100% rate of conscription into the IDF and National Service (including officers, as well as soldiers in elite units such as Intelligence Corps Unit 8200 and the Paratroopers). In addition, the majority of those who have already completed military service are on their path to higher education.

The Admas Higher Education Program, founded in 2015, has also made great advancements and has been supporting an increased number of students across more than 5 different universities including the Technion, Ben Gurion, Hebrew and Tel Aviv University.

**A FEW WORDS FROM OUR PARTICIPANTS**

*and future leaders*

---

HODAYA TASMA

*I would strongly recommend joining the program because beyond the help in achieving academic aspirations and success, the program provides an attentive ear, support and help in every area, a second family and a place to meet friends for life.*

---

OFEK EIVARKAN

*Thanks to the program, I was able to get amazing scores in math, scores I never thought I could achieve! I even went up a rank and was transferred to an advanced math class.*

---

ADI KIBERTI

*The program helped expand my perspective of the future, and helped me recognize that I can achieve anything I aspire to if I put forth the effort.*
